

## **Mississippi Wireless Communication Commission MSWIN Special Event Talkgroups**

The Special Event Talkgroups (SE TG's) have been authorized to ensure interoperability between local, state, federal, and tribal entities. The SE TG's are a combination of the State Special Event talkgroup and the Regional Special Event talkgroups as defined below. The Regional Special Event groups are identified on the attached map.

In the event of an emergency, please make sure the talkgroup is not in use (key up and say "Is this talkgroup in use?"). If no response, then use the SE TG as needed and notify the WCC as soon as possible.

In the event of a planned event or exercise, please notify the WCC during the planning phase so that a talkgroup(s) can be issued to ensure so there will be no interference with other users. If used for an exercise, please state "Exercise, Exercise, Exercise" at regular intervals as others may be monitoring the assigned talkgroups.

The ST SE CMN talkgroup is for conducting statewide communications. ST SE CMN is a contact talkgroup that is currently monitored by MEMA, MDOT Law Enforcement, UMC Med-Com, MHP and MDWFP.

The R- # SE CMN talkgroups, (i.e. R-7 SE CMN), are for conducting communications on a regional basis and should be used as such.

Please use proper calling procedure by stating who you are calling, followed by your call sign/name, and followed by the talkgroup that you are using (i.e. "MS Med-Com this is WCC Whiskey 4 calling on R5 SE 3").
